To: Graduate and undergraduate students and non-faculty members

As scheduled, the presentations of the Master's Course Studies (September graduation) will be held on July 17 (Fri) at the 5th-floor Auditorium, Chemistry Main Building. However, in order to avoid crowding in the auditorium, we will ask only the faculty members and the students giving the presentations to attend the presentation sessions. Please be aware that all the undergraduate students, all the graduate students other than the presenters, and the non-faculty members will not be allowed to attend the presentation sessions.
